children's flight of hope

FLYING FOR THEIR LIVES FOR 30 YEARS

30TH DIAMOND ANNIVERSARY

Since 1991, Children's Flight of Hope (CFOH) has offered hope and healing to families by providing air transportation to children in need of specialized medical care.

CFOH has eliminated the financial burden of transportation for thousands of families traveling to top medical centers across the country seeking the best possible outcomes for their children. Once medical and financial need are confirmed, we are a compassionate partner throughout the child's healthcare journey.

We invite you to join us as we celebrate our 30th anniversary, the impact we have made, and the future that lies ahead.

HOW WE KEEP KIDS FLYING:

1

National Partners

American Airlines

American Airlines is our primary corporate partner. Their generous donation of miles each year since 2016 has allowed us to broaden our reach and expand our mission delivery. In addition to supporting our own client families, we assist additional families as we administer the American Airlines "Miles for Our Well-Being" program. This facilitates international and domestic travel for children visiting Shriners Hospitals for Children and other medical partners throughout the United States.

Southwest Airlines continues to provide an annual Medical Transportation Support Grant to CFOH with travel vouchers for expanded mission impact. We are grateful for this generous contribution and the support it offers our families.

Southwest

2

Commercial Ticket Purchases

We purchase one-way or round-trip tickets from all major airlines on behalf of our client families. For each mission request, we provide reservations for the child and one adult travel companion. Generous donors and corporate sponsors make this possible and allow us to serve more children across the country.

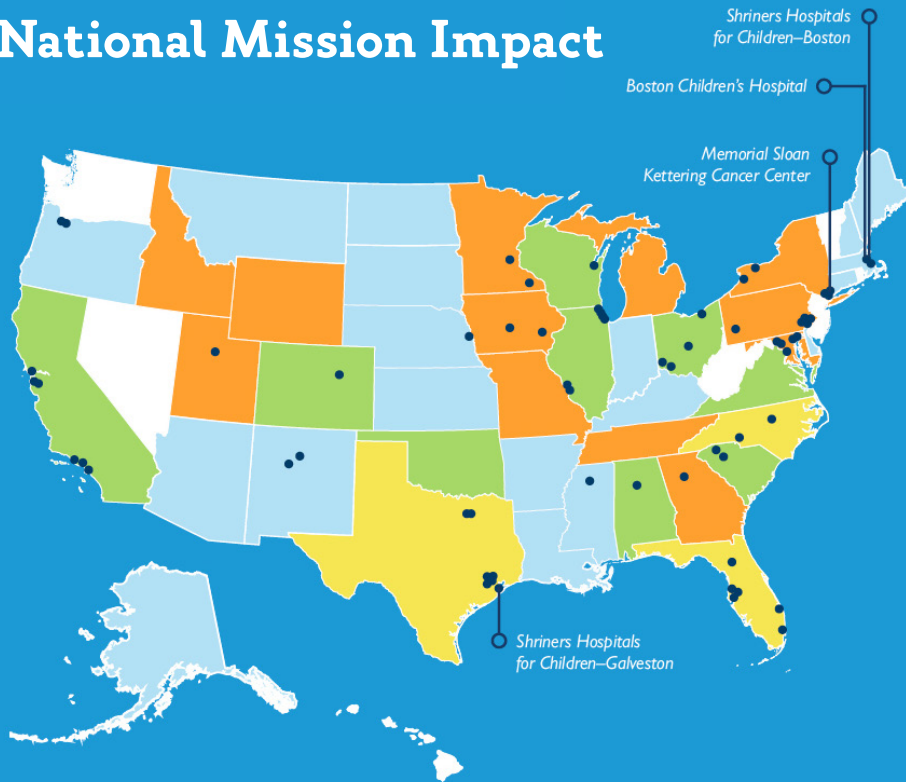

3

Donated or Discounted Private Flights

The most medically vulnerable children are sometimes unable to fly on a commercial airline, so when resources allow, we arrange a private flight option for them. We strive to find corporate or private jet owners to donate these flights; however, when needed, we partner with charter services to provide flights ideally at discounted rates. We have partnerships with other nonprofits to fulfill private flight needs with the greatest efficiency and impact.

NATIONAL REACH

National Mission Impact

INTERNATIONAL REACH

In addition to broad domestic reach, CFOH serves families from

23 countries

across Central America, Europe, South America, the Caribbean, Africa, Australia, Russia & the Middle East.

Mission Departures

- 1-9
- 10-19
- 20-49
- 50+

Mission Destinations

- Top Destination Hospitals

**MISSION
IMPACT:**
Jayce

28 flights

“There truly are not adequate words to express what Children’s Flight of Hope has done for our family. To say that we are thankful to them would be a huge understatement. Because of the many flights they provided for our son, Jayce, from our home in Colorado to Memorial Sloan Kettering Cancer Center in New York, he is still living! We are humbled to say that after this year of travel the disease is STABLE!! We are so grateful for all CFOH does.”

- Jayce’s dad
